

IN THE CLAIMS

Please delete claims 1-8, and insert in lieu thereof new claims 9 and 10 as follows.

9. An external fixator bone implant, comprising, a rod-like device having a first end and a second end, a thread at said first end, an intercalated screw-head between said thread and said second end, and means for providing a grip on said driver at said second end. NPG

10. The device of claim 9, and further comprising a cannulated tip between said thread and said first end.

Respectfully submitted,

By: Clifford W. Blowning
